

Summary

Motivated BCA student at BES College with strong foundation in Data Analytics and Programming.
Completed Data Analytics Internship at Appteknow, where I worked on data cleaning, analysis and dashboard creation using Excel, Python, and SQL.
Passionate about deriving insights from data and solving real-world business problems.
Eager to learn and contribute to data-driven teams.

Work Experience

Data Analytics Intern

- Appteknow
- Feb 2026 - Mar 2026
- Worked on data collection, cleaning and analysis using Excel, Python, and SQL
- Built dashboards and visualized data to support business decisions
- Identified trends and patterns to provide actionable insights
- Collaborated with team on data-driven projects

Education

Bachelor's Degree

- BES College
- 2023- 2026 · BCA

Pursuing Bachelor of Computer Applications at BES College.
Strong foundation in programming, data structures, and web development.
Actively participating in technical quizzes and workshops to enhance AI and software development skills.

Responsibility

- Appteknow
- Data Analytics Intern

Worked as Data Analytics Intern at Appteknow. Responsible for analyzing datasets using Excel, Python, and SQL. Created dashboards and visualizations to present business insights. Handled data cleaning and validation to ensure data quality and supported team with actionable reports.

Projects

Chronos - Bengaluru Urban Delivery Analytics

- Built a data analytics dashboard to analyze food delivery delays in Bengaluru
- Analyzed 4,057+ orders to identify patterns in delivery time, traffic, and weather
- Visualized KPIs: Total Orders, Avg Delay 6.73 min, Worst Area and Weather
- Created charts for Avg Delay by Area, Traffic Level, Weather, and Time of Day
- Found key insights: Bommanahalli had highest delay 11.7 min, Rainy weather worst impact
- Tech stack: Python, SQL, Data Visualization, Vercel Deployment
- Team: Lakshmi & Vinodhini R | Guide: Prof. Jyothi MN | Data: Kaggle Food Delivery Dataset

Achievements

Data Analytics intern

Completed internship focused on data analysis using Excel, Python, and SQL.
Created dashboards and visualizations to derive business insights and supported data-driven decision making.

Academic Excellence - BCA

Maintained 8.12 CGPA in Bachelor of Computer Applications at BES College.
Strong foundation in programming, data structures, and database management.

Unstop Quiz - AI & Data Analytics

Scored 10/10 in Unstop technical quiz on Artificial Intelligence and Data Analytics.
Demonstrated strong knowledge of analytical concepts and problem solving.

Skills

- Excel Data Analysis
- Python
- SQL
- Excel
- Power BI
- Data Visualization
- Statistics

Certificates

Data Analytics Intern

Completed Data Analytics Internship at Appteknow.
Gained hands-on experience in data cleaning, analysis, and visualization using Excel, Python, and SQL.
Contributed to business insights through dashboard creation.

AI & Data Analytics Quiz - Unstop

Achieved 10/10 score in Unstop technical quiz.
Demonstrated strong understanding of AI concepts and data analytics fundamentals.

Deloitte Data Analytics Job Simulation

Completed Deloitte Data Analytics Job Simulation on Forage in June 2026.
Worked on practical tasks in Data Analysis and Forensic Technology.
Gained experience in real-world business problem solving and data-driven decision making.
